BitHacks

Sponsorship Prospectus

WHAT IS BITHACKS?

BitHacks is a free to attend, non-profit, 24-hour hackathon for high school students. It will take place in mid-April, and we are expecting 150+ people in attendance. A hackathon is a coding and technology-based event for people of all coding backgrounds. There will be activities, workshops, and the main event: a coding competition. Participants will be able to work in groups of up to four people, and compete against other groups with their technology-based projects. Judges will assess projects and winners will be announced for various categories.

HOW YOU CAN HELP

- Prizes
- Provide Swag
- Host a Workshop
- Lunch and Dinner
- Snacks
- Activities
- Cleaning Fee

*any extra money will go towards charity

WHY YOU SHOULD HELP

- Companies will be able to advertise to high school students who have a keen interest in technology
- Sponsoring BitHacks would give many bright minds more opportunities to learn about the industry and the STEM field.
- API companies can specifically sponsor a prize category for "Best Use of API", which would exhibit its functionalities to numerous tech-savvy students

***For any questions or custom sponsorship packages contact info@bithacks.io
